6/6/02 A01-06-029 Wild Goose Storage, Inc., to Amend its Certificate of
Public Convenience and Necessity to Expand and
Construct Facilities for Gas Storage Operation.

Summary: LATE FILED. On May 31, 2002, Brian Cherry, Chief of Regulatory Relations of Pacific Gas and Electric Company (PG&E), met with Trina Horner, advisor to Cmmr. Lynch, in San Francisco. Also present were David Anderson and Mark

Fogelman, attorneys for PG&E. Cherry stated that PG&E did not oppose to granting a certificate of public convenience and necessity to Wild Goose Storage Inc. (Wild Goose), but that the Commission needed to consider the impact of Wild Goose's expansion on PG&E's backbone system. Cherry expressed concern over Wild Goose's request for equivalent service standards, noting that the Wild Goose's expansion was not similarly situated in terms of service compared to PG&E's own storage systems, Lodi Gas Service's storage facilities, or even Wild Goose's current interconnection to PG&E via the local transmission system.

Mechanism and related gas supply matters.

Summary: On June 4, 2002, Judy Peck, Sempra Utilities Regulatory Relations Manager, on behalf of Southern California Gas Company, spoke by telephone with Belinda Gatti, advisor to Cmmr. Brown. In the conversation, Peck reminded that the letter sent on May 15th by the settlement parties to the Commission outlined the minimum requirements necessary to preserve the settlement. Peck also pointed out that the second issue in that letter included language suggesting that any investigation should be conducted through a statewide order instituting investigation or the settlement would be in jeopardy.

Also present was David Discher, General Attorney for SBC Pacific Bell. Written materials (attached to the notice) were used. SBC Pacific Bell representatives stated that allowing competitive local exchange carriers to use a single point of interconnection without compensating SBC Pacific Bell for the added cost is unfair and inconsistent with past decisions. Summary: On June 6, 2002, Heather Colbert of The Irvine Company (TIC), met with Cmmr. Brown in San Francisco. Also present was Dian Grueneich of Grueneich Resource Advocates (GRA), counsel for TIC, and David Gamson, advisor to Cmmr. Brown. Colbert and Grueneich stated TIC's opposition to the proposed. Colbert and Grueneich urged the Commission to issue an alternate that finds that the Southern California Edison (SCE)/Commission settlement does not overrule state law, that the Historical Procurement Charge (HPC) is unreasonable and discriminatory, and that the SCE/Commission settlement does not apply to direct access customers. Colbert and Grueneich urged the Commission to reject HPC in its entirety, especially in advance of

consideration of the proposed charges to direct access customers in R02-01-011.

Summary: On June 6, 2002, Dan Carroll, counsel to the California Industrial Users (CIU) intervenor group, met with Cmmr. Peevey, Cmmr. Brown, and Laura Krannawitter, advisor to Cmmr. Duque, in three separate meetings in San Francisco. At the meeting with Cmmr. Peevey also present was Kevin Coughlan, advisor to Cmmr. Peevey, and with Cmmr. Brown – David Gamson, advisor to Cmmr. Brown. The following CIU member representatives were also present: Michael Peters of BOC Gases, Rick Noger of Prazair, Inc., and Cecelia Valencia of Air Liquide America Corp. Written materials (attached to the notice) were used. CIU member representatives discussed the business challenges they face as a result of rate increases in 2001. Peters noted the difficulty of conducting business planning in the regulatory environment, which has lacked stability. Discussing a proposed decision (PD), Carroll stated that CIU strongly supports the continuance of direct access (DA) as well as the right of bundled customers in Southern California Edison's territory to receive a rate decrease. Carroll stated that 2.5 cent Historic Procurement Charges (HPC) pancaked on a Department of Water Resources (DWR) exit fee will create a combination of charges that is so large DA will die. Carroll indicated securitization is an option that is rejected in too facile a fashion in the PD. Carroll stated that collecting the HPC first, and then moving to DWR exit fees may be a workable alternative. Carroll explained that the PD is not fair to either bundled customers or DA customers. Carroll urged the Commission to take a very careful look at the testimony in the exit fee proceeding and stated that a lower exit fee combined with a lower HPC may allow DA to survive.
